

Technical data sheet LI780

Specification Bar stool with footrest

Dimensions in mm

Seat:	H:	705 - 840
	W:	310
	D:	330
Total:	H:	940
	W (no ArmR):	385
	D:	410

Packaging data	Weight:	kg	17,3
	Volume:	m³	0,17

Basic equipment

Benefit

Seating surface	Seat can be rotated all the way round, lumbar support with raised edge, upholstered.	Excellent support and comfort when seated thanks to the well-balanced shape.
Seat height	Seat height setting infinitely variable from 705 to 840 mm thanks to safety gas springs. Release level underneath the seat on the right-hand side.	Even people outside of the DIN range (i.e. taller than 192 cm and smaller than 151 cm) can sit correctly and ergonomically.
Base/metal parts	Flat base plate (steel), powder-coated black.	Firm contact with the floor. Excellent stability, durability. Elegant.
Footrest	High-pressure die cast aluminium. Powder-coated black.	Excellent stability, durability.
Materials used	All materials can be separated and recycled.	Environmentally friendly. Conserves resources.
Standards	DIN EN 16139 Non-domestic seating. Tested for harmful substances, GS mark for tested safety.	Extremely safe.
Certification	Quality management system DIN EN ISO 9001:2008, VO (EC) no. 1221/2009 (EMAS), environmental management system DIN EN ISO 14001:2009, OHSAS, EcoVadis Gold, guaranteed sustainability.	High-quality product.
Guarantee and returns	10 years long-term. Full return and recycling guarantee.	Free-of-charge replacement of parts within the guarantee period.

Disassembly instructions are available upon request for any interstuhl product
